

AirGrips™ Econo Package

MLEP Part Number: D0086-EASSY (J-Lock) D0011G08 (Ball-Lock)

Dependable Tooling

Working closely with field personnel, our engineers were challenged to design a tool that would offer stability, functionality, and dependability when working from long distances. With those three factors in mind, Master-Lee Engineered Products developed the AirGrips™ System. This system can reach most areas and the ability to perform a variety of tasks.

With this package, MLEP offers the J-Lock System or Ball-Lock System. The user can reach up to 45' (J-Lock) or 55' (Ball-Lock).
