

Positioning Arm System

MLEP Part Number: D0692 (J-Lock)/D0692-BL Ball-Lock

Manipulate cameras and tools easily

The Master-Lee Engineered Products Positioning Arm mounts to any rail less than 3 inches in diameter. A lower rail bracket secures the arm to assure that no movement occurs.

When fully extended the 36 inch arm is capable of holding 100 pounds. The slot in the top holder plate is designed for 1.5 inch poles but can be fabricated to fit your application.

Technical Specifications

- 36 inch reaching capabilities
- 100 pound holding capability
